

# LONDON METROPOLITAN UNIVERSITY

## Academic Transcript (incorporating Diploma Supplement)

This Academic Transcript incorporates the model developed by the European Commission, Council of Europe and UNESCO/CEPES for the Diploma Supplement.

The purpose of the supplement is to provide sufficient independent data to improve the international 'transparency' and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition.

### 1. Information Identifying the Holder of the Qualification

|                                                                                                                                                                                                        |               |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|
| 1.1 Surname:                                                                                                                                                                                           | MANANDHAR     |
| 1.2 Given Name(s):                                                                                                                                                                                     | AKSHYAT       |
| 1.3 Date of Birth (day / month / year):                                                                                                                                                                | 15 May 2003   |
| 1.4 Student Identification Number:                                                                                                                                                                     | 21039828/1    |
| HESA Identification Number:                                                                                                                                                                            | 2112020145752 |
| <i>HUSID (HESA Unique Student Identifier) is the unique national signifying number for students registered at a UK university. It is defined by HESA, the UK's Higher Education Statistics Agency.</i> |               |

### 2. Information Identifying the Qualification

|                                                                                                             |                                |
|-------------------------------------------------------------------------------------------------------------|--------------------------------|
| 2.1 Name of Qualification / Title Conferred:                                                                | Bachelor of Science            |
| <i>The power to award degrees is regulated by law in the UK.</i>                                            |                                |
| Classification:                                                                                             | Upper Second Class Honours     |
| 2.2 Main Fields of Study for the Qualification:                                                             | Computing                      |
| 2.3 Name and status of awarding institution:                                                                | London Metropolitan University |
| <i>London Metropolitan University is a recognised body with taught and research degree awarding powers.</i> |                                |
| 2.4 Name and status of institution administering studies:                                                   | Islington College              |
| 2.5 Language(s) of instruction and examination:                                                             | English                        |

### 3. Information on the Level of the Qualification

|                                   |                                                                                                                                                                                                                           |
|-----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 3.1 Level of Qualification:       | FHEQ / NQL Level 6                                                                                                                                                                                                        |
| 3.2 Official Length of Programme: | Three to eight years depending on mode of study                                                                                                                                                                           |
| 3.3 Access Requirements:          | The University's minimum access requirements and information regarding admission to the programme are stated in the prospectus at <a href="https://www.londonmet.ac.uk/courses/">https://www.londonmet.ac.uk/courses/</a> |

# LONDON METROPOLITAN UNIVERSITY

## 4. Information on the Contents and the Results Gained

**4.1 Mode of Study:** Full-time

### 4.2 Programme Requirements:

The learner must satisfy the programme requirements as prescribed in the course specification and the academic regulations of the institution. Please see section 8 for general information. Please see <http://intranet.londonmet.ac.uk/course-catalogue> for additional course details and [www.londonmet.ac.uk/academic-regulations](http://www.londonmet.ac.uk/academic-regulations) for additional details of academic regulations.

### 4.3 Programme Details, and the Individual Grades / Marks / Credits Obtained:

|                                                       |       |      |         |        |        |      |        |
|-------------------------------------------------------|-------|------|---------|--------|--------|------|--------|
| 2021/22                                               | Level | Mark | Attempt | Result | Credit | ECTS | Credit |
| CC4057NI Introduction to Information Systems          | 4     | 56   | 1       | P      | 15     | 7.5  |        |
| CS4001NI Programming                                  | 4     | 64   | 1       | P      | 30     | 15   |        |

# LONDON METROPOLITAN UNIVERSITY

## 4.4 Grading Scheme:

Module marks are out of 100 and the minimum pass mark is 40 for undergraduate (UG) modules and 50 for postgraduate (PG) modules. In terms of the FHEQ / NQF levels referred to in these results, levels 3, 4, 5, and 6 are undergraduate and levels 7 and 8 are postgraduate.

### The European Credit Transfer System (ECTS)

The European Credit Transfer System was developed by the European Commission in order to provide common procedures to guarantee academic recognition of studies abroad. It provides a way of measuring and comparing academic programmes of study, and transferring them from one institution to another. ECTS credits are a value allocated to course modules to describe the student workload required to complete them and carry half the credit value of each module achieved at the university.

The following conversions to and from ECTS grades shall be used, where appropriate.

| UG Mark                                                     | PG Mark    | ECTS Grade                                                         |
|-------------------------------------------------------------|------------|--------------------------------------------------------------------|
| 70% - 100%                                                  | 70% - 100% | A: Excellent: outstanding performance with only minor errors       |
| 60% - 69%                                                   | 63% - 69%  | B: Very Good: above the average standard but with some errors      |
| 50% - 59%                                                   | 58% - 62%  | C: Good: generally sound work with a number of notable errors      |
| 43% - 49%                                                   | 53% - 57%  | D: Satisfactory: fair but with significant shortcomings            |
| 40% - 42%                                                   | 50% - 52%  | E: Sufficient: performance meets the minimum criteria              |
| 30% - 39% (2017/18 onwards)<br>25% - 39% (Prior to 2017/18) | 25% - 49%  | FX: Fail: some more work required before the credit can be awarded |
| 0% - 29% (2017/18 onwards)<br>0% - 24% (Prior 2017/18)      | 0% - 24%   | F: Fail: considerable further work is required                     |

### Undergraduate Honours Classification

The threshold for each classification band shall be as follows. Where a student is within 2.5% of a boundary they may be upgraded if at least half the marks are in the higher class.

|                 |                            |
|-----------------|----------------------------|
| 69.5% and above | First Class Honours        |
| 59.5% - 69.49%  | Upper Second Class Honours |
| 49.5% - 59.49%  | Lower Second Class Honours |
| 40% - 49.49%    | Third Class Honours        |

### Master's Degree

A Master's degree with Distinction shall be awarded to a student who has achieved an average mark of at least 70% overall or an average mark of at least 68% and a mark greater than or equal to 70% in their dissertation or equivalent.

A Master's degree with Merit, shall be awarded to a student who has achieved an average mark of at least 60% overall or an average mark of at least 58% and a mark greater than or equal to 60% in their dissertation or equivalent.

A Master's degree shall be awarded to a student who has passed modules equivalent to 180 credits, including a dissertation or equivalent.

Further information on the calculation of grades and credit requirements for University Awards are available in the University's Academic Regulations which can be found at [www.londonmet.ac.uk/academic-regulations](http://www.londonmet.ac.uk/academic-regulations)

## 4.5 Overall classification of the qualification:

Upper Second Class Honours

Classification Average:

64.5%

# LONDON METROPOLITAN UNIVERSITY

---

## 5. Information on the Function of the Qualification

---

### 5.1 Access to Further Study

The Award gives access, but not admission, to the next level of study as defined in the diagram of the national education system included at the end of this document and available online at <https://www.naric.org.uk/>

### 5.2 Professional Status

Not Applicable

---

## 6. Additional Information

---

### 6.1 Additional Information:

Awards from London Metropolitan University are relevant to the world of work, with employers / practitioners contributing to their development and delivery. Each subject and each course articulates its strategy for integrating employability development in the curriculum, directly through the design and delivery of core modules, and, as appropriate, option modules and co-curricular activities.

# LONDON METROPOLITAN UNIVERSITY

## 6.2 Further Information Sources:

Please see <http://intranet.londonmet.ac.uk/course-catalogue/> for additional course details and <http://metranet.londonmet.ac.uk/academic-regulations/> for additional details of academic regulations. Information on the National Higher Education System is available in Section 8 of this document.

## 7. Certification of the Academic Transcript (incorporating Diploma Supplement)

7.1 Date of Award: 17 Oct 2024

Date of Issue: 4 Nov 2024

7.2 Signature:

7.3 Capacity:

Dean of Students

## 8. Information on the National Higher Education System

The diagram below outlines higher education qualification levels in England, Wales and Northern Ireland

| Framework for Higher Education Qualifications (FHEQ) <sup>1</sup>                                                                                   |       | FQ-<br>EHEA<br>cycle  | Credit                                     |                                            | Progression for selection of students<br>(FHEQ levels)                               | National Qualifications Framework for England,<br>Wales and Northern Ireland <sup>6</sup>                                |                                                                                                                                                                                |

<sup>1</sup>PhD and DPhil qualifications are typically not credit-rated. Newer doctoral degrees, such as the Professional Doctorate, are sometimes credit rated, typically 540 UK credits

<sup>2</sup>A range of 90-120 ECTS is typical of most awards

<sup>3</sup>1 ECTS credit is typically worth 2 UK credits

<sup>4</sup>The Welsh Baccalaureate Qualification is part of the Credit and Qualifications Framework for Wales (CQFW)

<sup>5</sup>For students with the necessary prerequisites, entry to each FHEQ level is possible from the next lower level in the NQF or Framework for Higher Education Qualifications

<sup>6</sup>These levels will also apply to the Qualifications and Credit Framework (QCF). The QCF will eventually replace the National Qualifications Framework (NQF)

and entry

LONDON METROPOLITAN UNIVERSITY

**Akshyat Manandhar**

has been awarded the degree of

**Bachelor of Science  
with Upper Second Class Honours**

having successfully completed the approved undergraduate  
programme in

**Computing**

*J. L. Hall*

**Vice-Chancellor and Chief Executive**

17 October 2024

taught in collaboration with Islington College, Nepal

4742141679

Islington college  
(इरिलिङ्टन कलेज)

# CHARACTER CERTIFICATE

This is to certify that

**MR. AKSHYAT MANANDHAR**

son of Mr. Sushil Manandhar was a student of **BSc (Hons) Computing** at Islington College. He joined this institution in September, 2021 and graduated in December, 2024. As per the college records, his date of birth is May 15, 2003.

To the best of my knowledge, Mr. Manandhar stands a decent moral character and I can testify to his honest and approachable nature. He is a naturally curious and gifted individual and has done well in his classes so far. I am confident that he will continue to show his excellent performances in whatever steps he takes in future. I wholeheartedly recommend and wish him the very best for his entire future endeavours.

Thank You.

**Sauharda Thapa**
